TOPICS FOR DISCUSSION

ADMINISTRATIVE BUSINESS:

February 11, 2010 Board minutes:

DECISIONS AND RECOMMENDATIONS

A Motion was made to approve the minutes with corrections. Mr. Killpack and Ms. Simonson abstained. All other Board members voted in favor.

Mr. Killpack questioned the Propofol discussion. Ms. Poe indicated that the discussion pertained only to Propofol use in the GI lab, where another assistant had to be in the room and the RN could document additional training in airway management and resuscitation. She reported the intent was not to allow nurses to administer Propofol in any other setting. Mr. Killpack stated his concern is that the recommendation is going against the guidelines that indicate Propofol should be administered only by persons trained in the administration of general anesthesia, who are not simultaneously involved in the surgical or diagnostic procedures and comply with the language in the propofol package insert. He stated failure to follow guidelines could put patients at an increased risk of significant injury or death. Ms. Poe stated that in a study provided with over 600,000 patients in GI labs, it was reported there were only 4 deaths, and those deaths had other circumstances involved. Mr. Killpack stated that four deaths are too many and there should not have been any deaths. He reported most deaths occur in a dentist office or in an area where non-anesthesia people are.

Mr. Killpack stated that according to the CMS guidelines, the facility must be prepared to move to general anesthesia because of the unpredictable response of patients and the potential for severe adverse consequences. Ms. Poe stated the Board could go on record that since the documentation from CMS was not available at the time of the discussion, further clarification is necessary and additional documentation will be requested for review. Ms. Poe stated the

conversation last month was very specific to the GI lab procedures and minimal sedation. Mr. Killpack stated that minimum sedation for a colonoscopy is hard to achieve. This issue will be placed on an upcoming agenda for further discussion.

NEW BUSINESS:

Connie Call,
Compliance report:

Ms. Call reported the following individuals are out of compliance with the terms and conditions of their Order:

- Gaylynn Pope has not been calling CVI and reported she has been in treatment for 6 days. Board members will need to determine what type of treatment she is in.
- Karen Carter has not submitted any paperwork, has three prescribing practitioners and two pharmacies.
- Kate Alleman has not submitted any paperwork.
- Lillian Howell missed one urine screen, missed calling CVI and has not submitted her paperwork.
- Steve Larson missed calling CVI.
- Teresa Williams has two prescribing practitioners.
- Tyler Miller has two prescribing practitioners and he has been terminated from employment. Ms. Call reported the Division is looking into the reason for the employment termination.
- Sandy Piatt missed meeting with the Board last month because she indicated to Ms. Call she had not checked her post office box and was not aware of the meeting.
- Pam Sinnett has not submitted her therapist report.
- Ashlie Lindley missed calling CVI, missed a random urine screen and was late submitting the therapist report.
- Monica Murdock was late submitting paperwork.
- Nichole Clark missed calling CVI and has not submitted the therapist report. Ms. Call reported Ms. Clark had an emergency c-section and her baby was placed in NICU. She will need to provide documentation regarding the c-section.
- Benjamin Brown missed calling CVI and has not submitted his paperwork.
- Carrie Frampton missed calling CVI and has not submitted her paperwork.
- Stacy Peterson has not submitted any paperwork,
- Stacy Powell has not submitted her paperwork.
- Sarah Ball and Sheila Larkin did not meet with Ms. Call and will be scheduled for next month.

Group 1
Conducting: John Killpack
Secretary: Shirlene Kimball

Lori Laird
Quarterly Probation Interview:

Members present: Mr. Killpack, Dr. Williams, Ms. Forster-Burke and Mr. Allred. Ms. Partridge was excused.

Ms. Forster-Burke conducted the interview. Ms. Laird reported she is doing well and is still trying to find work. She indicated she cannot find a PIR meeting in Utah County and will discuss this issue with Ms. Call. She indicated her CVI account had been placed on hold but she has taken care of those issues. She stated she has been testing regularly. Ms. Laird reported her sobriety date as August 21, 2007. She stated she has no thoughts of relapse and has not relapsed. She stated she attends LDS 12-step meetings and reported she is on step five. Her Order does not require her to obtain a sponsor; however, Mr. Allred suggested it would be helpful for her to have a sponsor so that she has someone neutral to talk to in the recovery process. Ms. Laird stated she has not taken any medications not lawfully prescribed for her. She will be seen again June 10, 2010. **Ms. Laird is in compliance with the terms and conditions of her probation.**

Stephanie Thomas,
Quarterly Probation Interview:

Mr. Allred conducted the interview. Ms. Thomas reported things are going very well. She stated she has a sponsor, attends her meetings, is on step 7 and is working her recovery. She reported her sobriety date is May 7, 2008. She stated she has no thoughts of relapse and has not relapsed. She reported she has a great support system and talks to her sponsor at least once a week. Mr. Allred stated it appears she is in a good place. Ms. Thomas stated she agrees, her job is going well, and she is working hard on her recovery. **Ms. Thomas is in compliance with the terms and conditions of her Order.**

Benjamin Brown,
Probation Interview:

Mr. Killpack conducted the interview. Mr. Brown was scheduled to meet with the Board due to his non compliance with the terms and conditions of his Order. Mr. Brown provided a hair sample to the mobile drug testing company while he was waiting to meet with the Board. Mr. Brown stated he delayed setting up an account with CVI because he had ingested alcohol in December and was hoping to delay the testing so that the alcohol would not show up. Mr. Brown stated he struggles with attending 12-step and PIR meetings.

Mr. Killpack stated that not signing-up with CVI is more of a problem than showing positive for a substance that the Board has been informed has been ingested. Mr. Killpack strongly recommended Mr. Brown come into compliance. If Mr. Brown does not come into compliance he will be referred for an Order to Show Cause Hearing. Mr. Killpack also strongly suggested Mr. Brown take his Order and the probation seriously. Mr. Brown stated the March non-compliance letter he received was a wake up call. He stated his behavior of avoidance is an ongoing struggle. Mr. Allred indicated Mr. Brown's license depends on his compliance and questioned what changes he is willing to make to come into compliance. Mr. Brown stated he will follow the requirements outlined in the Order. Mr. Brown stated his sobriety date was January 1, 2010 but he did ingest alcohol on February 1, 2010. He admitted to a relapse and understands he has violated his Order.

Mr. Brown stated he is not taking any medications that have not been lawfully prescribed for him. Mr. Brown stated he would like to change therapists because the therapist he was seeing while he was in Diversion is expensive and he would like to see a clinical social worker who is less expensive. Ms. Forster-Burke informed him he must find a therapist by the end of tomorrow.

Mr. Killpack questioned whether or not he wants to be a nurse. Mr. Brown stated yes, he likes what he is doing. Mr. Killpack stated his actions don't indicate he wants the license enough to comply with the Order. Mr. Killpack stated the Board would like to meet with him again next month. He needs to have signed up with CVI, attend PIR and 12-step meetings, find a sponsor and arrange and attend therapy. He also needs to have the substance abuse, psychological and physical evaluations completed and submitted to the Board. **Mr. Brown is out of compliance with the terms and conditions of his Order.**

Troy Cady,
Annual Interview:

Dr. Williams conducted the interview. Mr. Cady reported he is doing well. His employer report was excellent and he indicated his sobriety date is June 1, 2007. He stated he has no thoughts of relapse and has

not relapsed. He indicated he continues to attend 12-step and PIR meetings. He stated he has completed the steps and is on step number 5 for the second time. He indicated he has a sponsor and sees him monthly because his sponsor is in the military. Mr. Cady reported he has a great support system, good family support, friends, work and church associates. He stated he continues to work his program. He indicated he will be having surgery and his wife will give him his pain medications. He indicated he will contact Ms. Call and let her know when the surgery will take place and submit copies of all prescriptions. He reported work is going well and he has a new job description as nurse manager. This position requires more work on the floor; however, he reported he has the same supervisor. If he remains in compliance he will be scheduled to meet with the Board March 2011. **Mr. Cady is in compliance with the terms and conditions of his Order.**

Terri Judd,
Probation Interview:

Mr. Allred conducted the interview. Ms. Judd indicated she has stayed clean and sober even with the stress of her sons' accident and all the problems he is having associated with that accident. She reported Cornerstone has been a stable part of her life and she will be completing that program in several weeks. Ms. Judd reported her sobriety date is June 2009. She stated she had financial issues August to October and could not pay CVI so her account had been placed on hold. She also reported in October she borrowed her mother's car and her mother call the police and reported the car stolen. Ms. Judd indicated it was just miscommunication between her mom and her. She stated her mom is the biggest trigger for her and it is best for her to stay away from her mother emotionally and legally in order to maintain sobriety. She reported her support system is her sister, daughter and AA friends. She stated she missed her meeting last month because she did not check her mail (she stated she only checks her mail twice a week). Mr. Allred stated he is concerned that she is not in recovery. She stated she is not taking any medications not lawfully prescribed for her. She stated she is up to date on her CVI account. She stated she speaks with her sponsor daily and some days twice a day. She stated she "really has no thoughts of relapse". Mr. Allred questioned what

she means by this statement. Ms. Judd stated she has come so far and worked so hard she doesn't think she will relapse. She will be scheduled to meet with the Board in June. Committee members indicated she can request the suspension be lifted after she has completed the IOP. She stated her baby is due July 4, 2010 and she will begin the process to have her suspension lifted at the June meeting. **Ms. Judd is out of compliance with the terms and conditions of her Order.**

Linda Killian,
Annual Probation Interview:

Ms. Forster-Burke conducted the interview. Ms. Killian reported she is in a better place now than she was last year at this time. She stated has not had a drink of alcohol in 33 months. She reported she has completed court probation and has paid all her court fines. She stated she is not taking any medications not lawfully prescribed for her. She stated she is not ingesting alcohol. Ms. Killian indicated she has completed the ethics course and the retail theft course required by the court. Ms. Killian reported her sobriety date is June 8, 2007. She stated she has no thoughts of relapse and has not relapsed. She stated she has a sponsor, but hardly ever talks to the sponsor. She reported she handles stressors one day at a time. **Ms. Killian is in compliance with the terms and conditions of her Order.**

Sandra Piatt,
Probation Interview:

Dr. Williams conducted the interview. Ms. Piatt stated she did not meet with the Committee last month because she did not pick up her mail in time for the meeting. She indicated she will pick up her mail more often. She reported life is good and would be better if she could find a job. Ms. Piatt reported she has been placed on the Office of Inspector General list, which means she can not work with Medicaid or Medicare patients. She questioned if she could work at ETNA insurance doing chart review. Committee members indicated she should be able to work for the insurance company if there is a consistent RN or Physician supervisor and she does not provide patient care. Dr. Williams indicated Ms. Piatt missed calling CVI in January. Ms. Piatt indicated she does not think she missed calling and will check her phone records. Dr. Williams also stated there is concern with a urine screen that was out of range. Ms. Piatt stated she does

not know why the urine screen would be out of range. She reported her sobriety date is December 22, 2004. She stated she speaks with her sponsor every other day. **Ms. Piatt is out of compliance with the terms and conditions of her Order.**

Sarah Ball,
New Order:

Ms. Ball did not appear for her scheduled interview. She did not contact Ms. Call and meet with her to review the Order prior to meeting with the Board. **Ms. Ball is out of compliance with the terms and conditions of her Order.**

Group 2
Conducting: Peggy Brown
Minute taker: Connie Call
DOPL Staff: Laura Poe

Members present: Ms. Brown, Ms. Simonson, Ms. Schilleman and Ms. Kirby.

Nichole Clark,
Probation interview:

Ms. Simonson conducted the interview. Ms. Clark indicated she has had numerous personal problems and has not been able to find anyone to complete the psychological and chemical evaluations. Ms. Clark indicated she had been placed on bed rest and then went into premature labor. She reported she delivered her baby who had to stay in the NICU for a period of time. Ms. Clark reported Dr. Sean Ponce is her prescribing practitioner. Committee members indicated several other practitioners appear on the controlled substance data base and she needs to have only one prescriber. She also had prescriptions filled at two pharmacies. Ms. Clark has missed several urine screens while she was in the hospital and several when she first got home. She indicated she will provide Ms. Call with documentation of the hospital stay. Ms. Clark indicated her sobriety date is March 2, 2010. She indicated she is attending 12-step meetings and is working on step 2. She reported she has a sponsor and calls the sponsor frequently. **Ms. Clark is out of compliance with the terms and conditions of her Order.**

Suzanne Irish,
Probation interview:

Ms. Kirby conducted the interview. Ms. Irish reported she is volunteering at the ARC. She reported she has cravings, not for alcohol but for the feeling. She reported she is having using dreams. She stated she talks to her sponsor daily and is currently working on step five. She stated family support is amazing and

she deals with stress by exercising. **Ms. Irish is in compliance with the terms and conditions of her Order.**

Synthia Carter,
Probation Interview:

Ms. Brown conducted the interview. Ms. Carter stated she graduates from Drug Court in July. She reported her sobriety date as May 24, 2009. Ms. Carter stated she has no thoughts of relapse and has not relapsed. She reported she attends 12-step meetings and is working on Step 4. She also reported she has a sponsor that she speaks with daily. Ms. Carter reported family support is good and she deals with stress one day at a time. **Ms. Carter is in compliance with the terms and conditions of her Order.**

Kelley Wright,
New Order:

Ms. Schilleman conducted the interview. Ms. Wright explained the circumstances that brought her before the Board. She reported she has not used methamphetamine since February 4, 2009. She reported she is in Drug Court and will sign an authorization to have Global Testing send the urine screen results to Ms. Call. Ms. Wright stated she will have her evaluations submitted today. She stated she last ingested Alcohol December 28, 2009. Ms. Wright reported she attends her meetings, calls her sponsor and has changed all of her friends. She stated her support system comes from her spiritual support. She stated she deals with stress by praying and tries to think before she speaks. **Ms. Wright is in compliance with the terms and conditions of her Order.**

Taylor Simmons,
Probation interview:

Ms. Schilleman conducted the interview. Ms. Simmons reported her sobriety date is October 29, 2009. She indicated she has made an appointment to see a therapist. She stated she is attending PIR and AA meetings and has a sponsor whom she calls three times a week. Ms. Simmons stated she has good family support and deals with her stress by meditation and exercise. She indicated her Plea in Abeyance ends on May 1, 2010. She reported she will be moving to Texas and will let them know she is on probation with Utah. Ms. Poe indicated Texas can take over her probation if they are willing. She must notify us when she has completed those requirements.

Ms. Simmons is in compliance with the terms and conditions of her Order.

Dale Hullinger,
Probation interview:

Ms. Brown conducted the interview. Mr. Hullinger reported his sobriety date is July 25, 2007. He reported he is attending PIR and 12 step meetings and is working on step four. He reported he has a sponsor that he contacts daily. Mr. Hullinger will be seen in June 2010. **Mr. Hullinger is in compliance with the terms and conditions of his Order.**

Gaylynn Pope,
Probation interview:

Ms. Rice conducted the interview. Ms. Pope indicated she was hospitalized due to depression and has not had a relapse. She questioned whether or not she could be excused from calling CVI for a period of time until she is ready to go back to nursing. Ms. Pope also stated she stopped attending meetings November 11, 2009. She reported her sobriety date is September 8, 2007. Ms. Pope stated her issues make it hard for her to remain in compliance and questioned what her options would be. Ms. Poe explained she could sign an indefinite suspension until she was ready to return to nursing and she is safe to practice or she could surrender her license if she does not plan to return to nursing. Ms. Pope stated she is working with Valley Mental Health on problem solving, she sees a therapist every two weeks, and is taking medications. She reported she has good family support. **Ms. Pope is out of compliance and indicated she would like to surrender her license.**

Sheila Larkin,
New Order:

Ms. Larkin did not meet with Ms. Call and did not appear for the Board meeting. She will be scheduled to meet with Ms. Call and the Board next month. **Ms. Larkin is out of compliance with the terms and conditions of her Order.**

Adjourned to lunch at 12:35 p.m.

Reconvened to Rule Hearing at 1:00 p.m.

Rule Hearing was held.

Reconvened to Full Board 1:45 p.m.

Report from Probation Peer Committee:

Benjamin Brown reported a relapse on February 3, 2010 by ingesting alcohol. He will be scheduled to meet with the Board next month and if he remains out

of compliance, he will be referred for an Order to Show Cause Hearing.

Sandy Piatt missed calling CVI. She indicated she has been calling everyday and will submit a copy of her phone records to Ms. Call. Ms. Piatt requested her access to controlled substances be returned and requested that she be allowed to work in home health. Committee members recommended her request for access to controlled substances be denied. Board members indicated they would like to see her work without access for a longer period of time. Committee members also recommend her request to be allowed to work in home health be denied because there is not appropriate supervision. All Board members in favor of denying both requests.

Sarah Ball did not appear for her scheduled interview and will be invited to meet with the Board next month. If she does not appear for the interview, she will be referred for an OSC Hearing.

Sheila Larkin did not appear for her scheduled interview and will be rescheduled for next month. If she does not meet with Ms. Call and meet with the Board next month, she will be referred for an OSC Hearing.

Rocky Fritts,
Request for early termination of probation:

Mr. Fritts is in compliance with the terms and conditions of his Order. He has requested early termination of probation. Ms. Call reported Mr. Fritts only has nine months left on the probation and he has done very well on probation. Mr. Killpack made a Motion to terminate probation. Ms. Schilleman seconded the Motion. Ms. Brown abstained. All other Board members in favor of terminating the probation.

Carrie Frampton, requesting she be allowed to work at a Detox Center:

Ms. Frampton has been sober for one year and completed an intensive inpatient treatment program. She is out of compliance this month. She has requested she be allowed to work at a Detox Center without direct supervision. Ms. Call reported Ms. Frampton failed out of Diversion and had four DUIs within the year. She began probation December 2009. Ms. Schilleman made a Motion to deny the request because of the availability of narcotics on the

floor and she would be alone without supervision. It is also too early in the probation to eliminate the supervision requirement. Ms. Forster-Burke seconded the Motion. All Board members in favor.

Heather Deering,
Requesting access to controlled substances be returned and be allowed to work under general supervision:

Ms. Deering requested that her access to controlled substances be returned and that she be allowed to work under general supervision rather than direct supervision. Ms. Call stated Ms. Deering has been compliant to the terms and conditions of her Order. Mr. Killpack made a Motion to return access to controlled substances, however, deny the request to work under general supervision. Ms. Schilleman seconded the Motion. All Board members in favor. Board members stated that since she will be allowed access, she needs to be monitored under direct supervision for a period of time.

Via Panter, request for early termination of probation:

Ms. Panter requested early termination of probation. Ms. Panter was last employed as a nurse October 29, 2009. The therapist submitted a letter in support of termination of probation. Ms. Forster-Burke made a Motion to approve the request for early termination of probation. Dr. Williams seconded the Motion. Ms. Rice abstained. All other Board members in favor.

Karen Carter, request to work for a temporary agency:

Ms. Carter requested she be allowed to work for a temporary nursing agency. Ms. Call indicated Ms. Carter has been in compliance since January 2008. Board members expressed concern that there will not be supervision from the same supervisor for consistency. Ms. Simonson made a Motion to deny the request based on no consistent supervision. Mr. Killpack seconded the Motion. All Board members in favor.

Theresa Brewer
Probation Interview:

Ms. Brown conducted the interview. Ms. Brewer is current on all paperwork. She reported her sobriety date as August 14, 2006. She stated she has no thoughts of relapse and has not relapsed. She stated she attends AA, is on step 6, has a sponsor and contacts her sponsor once a week. She stated she is not taking any medications not lawfully prescribed for her. She will be seen in one year if she remains in compliance with the terms of her probation. **Ms. Brewer is in compliance with the terms and conditions of her Order.**

John Paulson,
Reinstatement request:

Mr. Paulson surrendered his license August 24, 2004. He submitted his re-licensure application February 2007 and again in 2009. When he last met with the Board he was requested to document six months of clean urine screens and he has completed that request. Mr. Paulson stated he has not attended any 12-step meetings. He stated he does not feel these meetings are as helpful as attending church and being with family members. He stated when he went through rehab, he was told to find a higher power and keep the higher power in focus. He stated he feels that is where he is at and does not need to attend the 12-step meetings. Mr. Allred questioned Mr. Paulson whether or not he feels he has an addiction problem, and if so, how he manages the addiction process. Mr. Paulson stated yes he has an addiction and stated he worked with his medical doctor to get off the Lortab medication. He stated he has family support system, and attends church to manage the addiction. He stated he understands this is a life long process. Mr. Allred informed Mr. Paulson that there are other 12-step meetings he can attend in lieu of AA meetings, such as PIR and LDS 12-step meetings. Mr. Allred stated that if the Board issues the license, it would be on probation and he would have to attend 12-step meetings. Mr. Killpack stated Mr. Paulson has come before the Board three times and if he wants his license back, he will have to meet the requirements set by the Board. He will not be able to do only those things he wants to do. He will have to change his attitude and accept what is required, including attending 12-step meetings. Mr. Paulson stated he understands. Ms. Simonson stated she is concerned that he chose not to attend the 12-step meetings after he met with the Board last time and was specifically informed he would need to attend.

Ms. Poe stated when Mr. Paulson submitted his application he was informed he would need to complete 30 hours of continuing education. The Division and the Board failed to take into account that at the completion of the additional six month period, he would have been out of nursing more than five years. Board members stated that if he can document 30 hours of approved continuing education, he will not

need to take a refresher course. However, if he cannot document 30 hours of acceptable continuing education he will need to complete the refresher course or retake the NCLEX exam. If he continues to be unlicensed more than 8 years but less than 10 he will need to complete both a re-entry course and retake the NCLEX exam, and if out over 10 years, will need to repeat the nursing education program.

Dr. Williams made a Motion that upon receipt of documentation of completion of 30 hours of acceptable continuing education; issue the license on a 5 year probation with the standard terms and conditions. Mr. Killpack seconded the Motion and stated Mr. Paulson needs to understand that he will have to follow all the terms and conditions of the probation. Ms. Simonson opposed the Motion. All other Board members in favor.

Report from Education Committee:

Ms. Forster-Burke reported Marlene Bacon, Utah Valley University, met with the Committee to discuss the programs low pass rates on the NCLEX examination and the steps they have taken to increase the pass rates. Ms. Bacon also discussed the generic BSN program that should have been approved by the Board before the program began accepting students. Ms. Bacon indicated she would have the information submitted as soon as possible for the Committee's review.

Ms. Forster-Burke reported Eagle Gate College needs to have Board approval to begin the nursing program at the Eagle Gate campus in Layton and Salt Lake. Initially, NLNAC indicated these programs would be accredited under Provo College, but have changed their policy and Eagle Gate must receive Board approval. It was originally thought that since they were owned by the same company, using the same curriculum, they didn't need separate accreditation. NLNAC now wants separate accreditation and Eagle Gate will be submitting the information for approval.

Ms. Forster-Burke indicated the University of Southern Nevada South Jordan campus has a new nursing director, Dr. Marlene Luna.

Ms. Forster-Burke also indicated the Committee is looking at revising the annual report form.

Ms. Forster-Burke also reported the Committee discussed adopting the model language from NCSBN regarding Innovations in Nursing. Education Committee members recommend accepting these rules. All Board members in favor. This language will be placed into Rule and the Rule will be filed by the end of the month.

Environmental Scan:

Ms. Poe questioned whether or not the Board would like to make any non-substantive changes to the Rule regarding the administration of any medications. Board members indicated no changes need to be made and recommend the Rule be adopted the way they were submitted for the Rule Hearing.

Note: These minutes are not intended to be a verbatim transcript but are intended to record the significant features of the business conducted in this meeting. Discussed items are not necessarily shown in the chronological order they occurred.
