## **DISCUSSION ITEMS:**

### Proposed Rules, R156-54

Mr. Ormond discussed the proposed Rule change R156-54 and what changes the Board may want to make. Radiology Technologist will be changed to Radiologic Technologist and added the Radiology Assistant.

Mr. Ormond explained the definition of CBRPA

(Certification Board of Radiology Physician's Assistant)

Mr. Ormond explained minimal evasive was not defined in the statute and that the Board may want to dismiss it from the statute if it does not need to be defined by Rule.

Mr. Ormond discussed the two areas of Supervision. In title R156 chapter one, we have definitions for indirect, direct or general supervision and in the statute itself, they put general supervision under 58-54-102, (2) and indirect under 58-54-102 (3). The direct supervision points to the Radiologic Technologist but does not define it. The Radiology assistant mentions indirect supervision in the scope of practice. It also talks about Supervision of a Radiology Practical Technician but does not say what kind of supervision that is defined as. Mr. Ormond recommended and the board agreed unanimously to strike the section of Supervision from the Rule because it is defined in the statute 58-54-102 (6)

Mr. Dicou made a motion for the approval of the rule changes seconded by Ms. Hunt. The motion carried unanimously.

### Application for Benjamin Ussery

Mr. Ormond discussed the application submitted for Radiologist Assistant for Mr. Ussery. Mr. Ussery submitted documents through email from the Colleges which he attended but these were not official documents. The Board agreed that the Division needs to accept original Transcripts showing a Bachelors Degree when he completes his schooling but these documents were not needed at this time for the completion of his application.
